The background of the entire page is a delicate, light-colored line drawing of various flowers and leaves. In the upper left corner, there is a small, detailed watercolor illustration of a branch with several brown, autumnal leaves. The overall aesthetic is soft and botanical.

BENVENUTO

Founder of a flower farm nestled in the hills of Todi, Umbria, I live a life rooted in slow living and a deep love for flowers. Gentle by nature and drawn to beauty, I believe in capturing fleeting moments and turning them into something lasting. Through this e-book, I'll show you how to preserve your event bouquet and frame it – a timeless keepsake of a day close to your heart.

Thank you for making your choices! This system helps us create the perfect preservation together, so that your flowers will remain a beautiful memory forever

STEP 6

Usa Shipping

For customers in the United States, we comply with all local import regulations for flowers and plants. This requires an additional step in the preservation process:

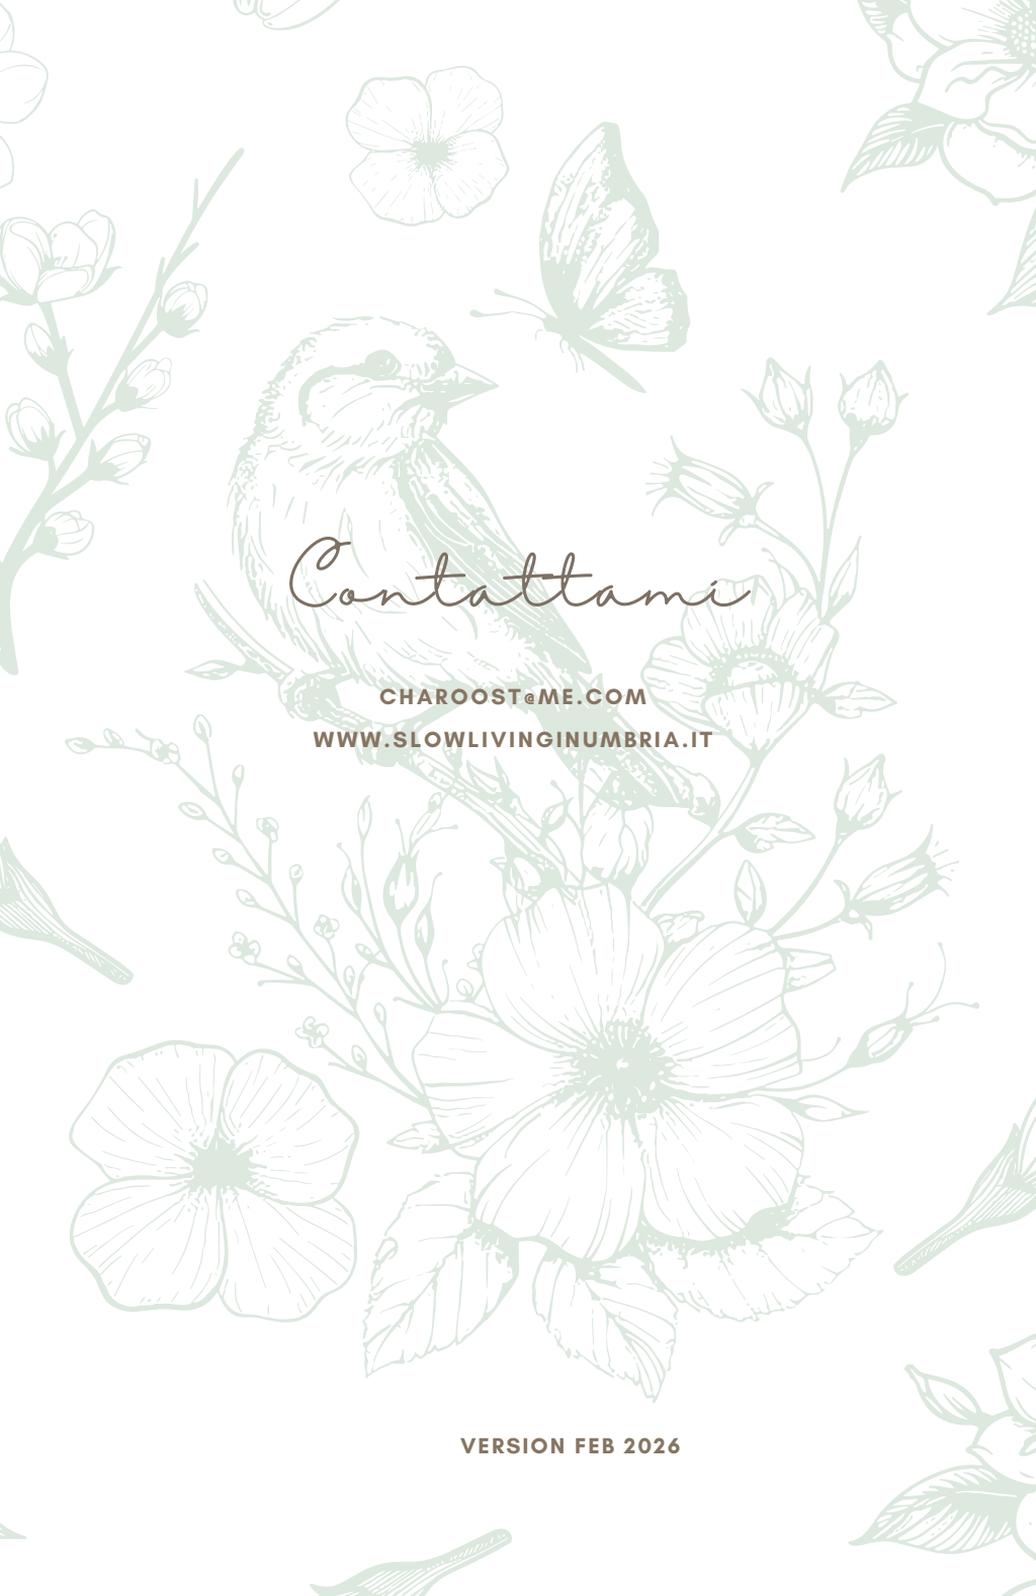

- Bouquets are encapsulated in a fine resin layer to ensure safe and legal transport.
- The flowers remain pressed and arranged according to your chosen design, so the look of your bouquet is unchanged.
- Because of the extra processing for resin encapsulation and safe international shipment, there is an additional charge of approximately €80-100, depending on bouquet and frame size.
